

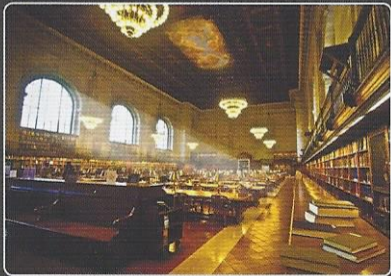

Photograph Light

018

A deceptive challenge, this is. We all photograph light - it's our paint brush. The challenge is to feature the light within the image - have the light set the tone or mood of your shot. This all comes down to research and/or being in the right place at the right time. When it does come, the light is quick, so be ready to move when you see it!

10-20mm | f/5.6 | 1/60 seconds | ISO 400
